CAREEROPS — DAILY CONSOLIDATED INTERVIEW INTELLIGENCE BRIEFING

Candidate: **Saket Saurav** | Target: **Principal Cloud & AI Architect** | Date: **2026-09-25**

1. EXECUTIVE TARGET OPPORTUNITIES MATRIX

Consolidated multi-tier interview intelligence covering all qualifying high-match enterprise opportunities for 2026-09-25:

Company	Target Role	Match	Salary	Domain
3Pillar	AI Solution Architect(Looking For Immediate Joiners Only)	**93.0%**	Not Disclosed	OCI + AI Platform
Infoya	AIML Architect	**92.0%**	Not Disclosed	OCI + AI Platform
Hiringeye Solutions	AI Architect	**90.0%**	Not Disclosed	OCI + AI Platform
EY	Cloud Architect	**86.2%**	Not Disclosed	OCI + AI Platform
Net Connect	Senior AI Architect	**86.2%**	40-55 Lacs PA	OCI + AI Platform
Accenture	Large Language Model Architect	**84.5%**	Not Disclosed	OCI + AI Platform
CMMI Level 5 IT Company - MNC	AI Enabled SDLC Engineer / Architect	**84.5%**	30-45 Lacs PA	OCI + AI Platform
Sowiz	Principal / Staff AI ERP Architect	**82.0%**	35-50 Lacs PA	OCI + AI Platform
Esko	Sr AI Platform Engineer - Security	**80.2%**	Not Disclosed	OCI + AI Platform
Herbalife International	Principal I, Oracle Fusion Cloud Developer	**80.0%**	Not Disclosed	OCI + AI Platform
Hiring for Leading MNC Company	OCI Admin | Oracle Cloud Infrastructure	**80.0%**	Not Disclosed	OCI + AI Platform
Willware Technologies	Oracle Cloud Infrastructure (OCI) Professional	**79.8%**	Not Disclosed	OCI + AI Platform
Accenture	Industry Techno & Strategy Architect - Telco - Consultant	**79.8%**	Not Disclosed	OCI + AI Platform
Gruve	MCP AI Architect	**79.8%**	Not Disclosed	OCI + AI Platform
Infosys	Devops_Openstack Architect	**79.5%**	Not Disclosed	OCI + AI Platform
Birlasoft	Architect-Gen ai+AWS	**79.0%**	Not Disclosed	OCI + AI Platform
InfoCepts	Snowflake Architect	**79.0%**	Not Disclosed	OCI + AI Platform
Genpact	Snowflake Architect with Cortex AI-SnowPro Core/SnowPro Advanced Certi	**79.0%**	Not Disclosed	OCI + AI Platform
Global MNC	Google Cloud (GCP) AI Architect	**78.8%**	Not Disclosed	OCI + AI Platform
Fractal Analytics	Lead Engineer / Architect - Payments & AI	**78.0%**	Not Disclosed	OCI + AI Platform

Company	Target Role	Match	Salary	Domain
EY	Tech S and T-Cloud AI Platform Architect-ISR-Manager-GDSF02	**78.0%**	Not Disclosed	OCI + AI Platform
Crisil	AI Architect	**78.0%**	Not Disclosed	OCI + AI Platform
Mega Pharmaceutical	Digital Information Security Architect	**78.0%**	Not Disclosed	OCI + AI Platform
Global MNC	AWS AI & Cloud Architect	**77.8%**	Not Disclosed	OCI + AI Platform
NotionAce Solutions Pvt Ltd	Cloud Engineer	**77.0%**	Not Disclosed	OCI + AI Platform
Orbcomm Technologies	Manager, DevOps	**76.8%**	Not Disclosed	OCI + AI Platform
Celebal Technologies	RSA Databricks Architect	**76.5%**	Not Disclosed	OCI + AI Platform
RBS Lynk	Oracle Database Administrator Specialist	**76.5%**	Not Disclosed	OCI + AI Platform
Thermo Fisher Scientific	Oracle Cloud ERP Administrator	**76.0%**	Not Disclosed	OCI + AI Platform
Redsol Global	Oracle Cloud Infrastructure Administration	**76.0%**	Not Disclosed	OCI + AI Platform
Birlasoft	Sr Architect-Gen AI	**76.0%**	Not Disclosed	OCI + AI Platform
HCLTech	Snowflake Architect	**74.5%**	Not Disclosed	OCI + AI Platform
Birlasoft	Architect	**73.5%**	Not Disclosed	OCI + AI Platform
Vellstone	Enterprise AI Solutions Architect	**72.8%**	Not Disclosed	OCI + AI Platform
Sparix Global	AI Solution Architect	**72.8%**	Not Disclosed	OCI + AI Platform
EY	Oracle Cloud Infra Admin-IPaaS Devops Engineer-Senior	**71.2%**	Not Disclosed	OCI + AI Platform
Jefferies Financial Group	Oracle HCM Cloud Techno/Functional Lead	**70.0%**	Not Disclosed	OCI + AI Platform
Mastech	Snowflake Architect	**70.0%**	Not Disclosed	OCI + AI Platform

2. HIGH-YIELD TECHNICAL FUNDAMENTALS (LEVEL 1 - KNOWLEDGE)

A. OCI Enterprise Networking & Topology:
• Dynamic Routing Gateway (DRG v2) transit routing connecting VCNs, FastConnect, and IPSec VPNs.
• Private DNS Resolver views with listeners/forwarders for seamless hybrid name resolution.
• Service Gateway for zero-internet OSN backbone routing vs NAT Gateway for outbound private subnets.

B. Private Kubernetes (OKE) & Persistence:
• Complete private subnet worker node pool isolation with Network Security Groups (NSGs).
• OCI File Storage Service (FSS) custom StorageClasses for multi-pod stateful file persistence.
• Calico network policies enforcing namespace microsegmentation and strict zero-trust egress.

C. AI Platform & Model Context Protocol (MCP):
• MCP client-server architecture streaming live operational context to LLMs securely.
• Offline ChatOps CLI integrating LangChain with local air-gapped LLMs for zero-leakage diagnostics.

3. SYSTEMS ARCHITECTURE & WHITEBOARD SCENARIOS (LEVEL 2 - DESIGN)

Scenario 1: Air-Gapped OCI Landing Zone for Regulated Telecom Billing
Hub-and-spoke VCN topology with centralized Network Firewalls, private OKE clusters, Exadata DB tiers, and OCI Vault HSM encryption.

Scenario 2: Automated GenAI CloudOps Alert Triaging Platform
OCI Service Connector Hub streaming telemetry to ONS -> private OKE microservice -> local RAG vector retrieval -> automated incident resolution within 30 seconds.

4. PRINCIPAL ARCHITECT STRATEGY & TRADE-OFFS (LEVEL 3 - LEADERSHIP)

• **Dedicated AI Clusters vs Serverless:** Dedicated for mission-critical SLA and strict sovereignty; Serverless for batch document extraction.

• **ExaCS vs Autonomous Database:** ADB for 50% DBA reduction in cloud-native workloads; ExaCS for complex RAC database lifts.

5. STAR MODEL ANSWERS (ANCHORED TO VERIFIED CANDIDATE TRUTH)

KPN Telecom Billing Modernization (OCI + OKE + FSS + Terraform): Architected an air-gapped OCI landing zone with private OKE and FSS storage, cutting release cycles by 60% and reducing platform incidents by 40%.

6. 7-DAY TARGETED PREPARATION PLAN

Day 1: Platform Networking • Day 2: Kubernetes & Storage • Day 3: GenAI & MCP • Day 4: Zero Trust Security • Day 5: Whiteboard Exercises • Day 6: Principal Trade-offs • Day 7: Interactive Simulator.
